FARMERS, REMEMBER!

The Loose Floor Salt will begin **NOVEMBER 15**. Blanks has orders for eight million pounds at **TOP PRICES**. Some of it at \$14.00 per 100 pounds. You may have some of this kind in your crop. You will never know it if you don't sell on the open market. Tobacco always brings better prices where you have competition. Remember, all tobacco is sold by numbers, so no buyer knows whose tobacco he is buying. This is absolutely the fairest way you can sell tobacco. You get **Fair Weight, No Dock and Cash in Full** on day of sale. Give me a trial and you will never sell any other way.

The young couple left on 51 for Tampa, Fla., and other points of interest in the South. They expect to visit relatives of the bridegroom in Houston Texas before returning from their honeymoon.

Miss Jones is one of the most popular young ladies of her home town and has a host of friends who love her for her amiable disposition and winning ways. LOOKING FOR CLEW

To Wabash Valley Wreck—Mayor Gets Anonymous Post Card.

Fort Wayne, Ind., Sept. 26.—Mayor Frank S. Smith, of Bluffton, came to the city today and enlisted the aid of the local police in investigating an anonymous postal card received by the Bluffton official, telling him that the writer had overheard a conversation of importance bearing on the Kingsland wreck, in which forty-one lives were lost last Wednesday, and giving the names of the parties to the conversation. Officers are now at work on it.

There is little change in the condition of the injured survivors, save that of A. Ellenberger, of Berne, whose symptoms are not so favorable. The condition of Miss Margaret Tribolet is extremely grave.

Nebo Happenings

The 'possums are getting ripe. A nice shower of rain Saturday. A. M. Barnett is on the sick list. R. J. Harris went to Madisonville Tuesday.

The new well at J. B. Peyton's is 115 feet deep. Frank Nichols went to Madisonville Thursday.

Some of our citizens talk of moving to Madisonville.

Hogs are a scarce article in this part of the country.

The sweet potato crop is a partial failure on account of dry weather.

The stock law is all the talk. We believe four-fifths of our people are in favor of it.

The Methodist will begin a protracted meeting, in Nebo the second Sunday in October.

We heard that there was talk of a new factory at Colton. Could not trace it to any reliable source and give the item for what it is worth.

Sunday schools at Nebo are not as flourishing as they should be. There is an attraction on the streets for a great many boys, who ought to be in Sunday school.

It took a subscriber to THE BEE eight years to find out that he did not want THE BEE and it was no account. He did not find it out then, until he was politely invited to pay up. We have an opinion of a man, who will take a paper and then try to lie out of paying for it.

THERE IS A REASON

Why it pays to advertise in the SEMI-WEEKLY BEE:

It reaches a large number of wage earners who take no other paper.

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlington, Morgans Gap, St. Charles and immediate vicinity is through the medium of the Earlington Bee. A hint to the wise is sufficient.

IT IS THE DAY OF

CANDID ADVERTISING

Time was when even reputable merchants lacked full candor in their advertising. It was argued—by people with ridiculous ideas of the aims and purposes of advertising—that the people would only believe a small part of what an advertiser claimed, anyhow; hence it behooved him to exaggerate accordingly, so that after the reader's deductions for exaggerations had been liberally made, a basis of truth would remain.

As this was always a false argument, it has been exploded—to stay exploded!

Self-respecting, thinking people are the people who read ads nowadays. And to deliberately misstate a fact in advertising now is simply a species of attempted business suicide.

A store which would thus forfeit the confidence or respect of all honest people would soon find out that there were not enough dishonest people—or of people who would condone dishonest advertising—in this town to support the smallest store in it.

You may read the ads nowadays with the satisfying knowledge that advertisers realize that falsehood is business suicide—unfalsifying!

Candid advertising is necessary nowadays.

You don't have to go to war to be patriotic. Improve your locality, uphold your town, enlarge its interests, and lead a hand to progress, and you are a patriot—a lover of your country—as truly as the soldier who should his musket.

Next to the wife beater comes the horse beater and it is to be regretted we have one or two in this community. A horse is the most noble and faithful of animals and the man who would abuse his horse has something lacking in his manhood.

Make every "Special Sale" really strengthen your store—by taking care that your ad readers learn the truth about each sale.

You can make your ad so important that you will double the number of people to whom, for the day, your store is important.

The ad writer sets the pace in a store. If he is busy, everyone about the store is busy.

Fingers, mechanics, railroaders, laborers rely on Dr. Thomas' Eucalypti. Take the cure out of your hands or wrists at once. Pain can be relieved wherever it is found.

THE NEW LAW

Better Be Careful Where and How You Take Your Liquor.

The following is the new law in full about drinking upon trains and in depots:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Sec. 1. That any person who shall in or upon any railroad locomotive, passenger coach, interurban car, street car, or in or upon any vehicle, or if any person shall be drunk or disorderly in or upon any railroad passenger coach, interurban car, street railway or in or upon any common carrier, or in or about any railroad depot, station, ticket office, waiting room or platform, such person or persons shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined not less than ten (\$10.00) dollars nor more than fifty (\$50.00) dollars or imprisoned not less than ten nor more than thirty days or both so fined and imprisoned in the discretion of the court or jury: Provided that the foregoing section shall not apply to any drinking intoxicating liquors purchased by him in or upon any buffet or dining car operated by a common carrier in this Commonwealth.

Sec. 2. Any person violating the provision of Section 1 of this act shall be tried in any court of competent jurisdiction in the county where the offense was committed.

Sec. 3. It shall be the duty of every railroad conductor of a steam, interurban or street railway, and station, depot or ticket agent of said railway when he sees any person violating the provisions or any of them of Section 1 of this act, to at once notify the nearest or most convenient sheriff, constable, town marshal or policeman, of the county in which the offense is committed, giving him such description by name or otherwise as will enable him to identify the offender, as also giving him the offense, and it shall be the duty of the officer so notified to arrest without delay any such person without any other evidence of his guilt to take him before the nearest magistrate to be proceeded against in the manner provided by law. If any such officer shall wilfully or negligently refuse to make the arrest, he shall be fined not less than \$10 nor more than \$50 for each offense and he shall be the duty of the conductor or agent giving the officer the information upon which to make the arrest to prosecute the officer.

Life of Roosevelt and His Strenuous Hunt in the Deep Wilds of Africa!

The Semi-Weekly Bee one year and the Book for \$1.50, price of book alone

The book comprises nearly four hundred large octavo pages, printed on fine paper and beautifully bound, with scores of magnificent, full page photograph engravings of scenes in the heart of Africa; its dark mysterious forests, mighty rivers and far stretching plains; with pictures of lions, elephants, giraffes and of other strange animals, hitherto unknown to civilization, that Theodore Roosevelt has killed.

What a scene for a thrilling story! Africa the Dark Continent, the Land of Mystery. Mere descriptions of it have always been interesting. Your account may be small NOW, but it will grow and we want your influence.

You expect to have a home or a business some day and we will be glad to help you.

HOME ENDORSEMENT

Hundreds of Earlington Citizens Can Tell You All About It.

Home endorsement, the public expression of Earlington people, should be evidence beyond dispute for every Earlington reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Perry McGuiley, Baptist Hill St., Earlington, Ky., says: "I never had an idea that I would allow my name to be used in connection with testimonial, but I believe that it is my duty to recommend Doan's Kidney Pills, which I procured at the St. Bernard Drug Store. The effect of this remedy on my system was gratifying. Before I had finished the contents of two boxes, my kidneys were restored to their normal condition, and the pains in my back were removed. In fact, my health was so greatly improved that I could scarcely realize the change. Taking into consideration my advanced age, this speedy cure was remarkable."

For sale by all dealers. Price 50 cents. Foster-McAlmon Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Good Show at the Theatre.

There will be a good show at the Electric Theatre on Thursday Friday and Saturday nights of this week. The celebrated Vaudeville artists Mildred Hoil, encamp, Grace G. and Porter & Wagon of Evansville will be here and the patrons of this popular place of amusements may be assured of seeing the best talent on the Vaudeville stage.

A New Law.

As the time of year is approaching for trapping, hunters may well bear in mind the new law which forbids the setting of any steel traps, dead falls or snares on the consent of the owner of the property and which fixes a penalty of a fine of five to twenty-five dollars for breaking the law.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause breakdowns. You can't overtax your stomach, liver, kidneys, bowels, or nerves without serious danger to yourself. If you are weak or run down, or under strain of any kind, take Electric Bitters, the marvellous tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy good and strong health. Satisfaction positively guaranteed. 50c. at all druggists.

Drought Broken by Heavy Rainfall.

The drought that has prevailed in this county for some time has been broken by a good rain. This is the first rain of any consequence in this section for several weeks and the farmers were needing rain badly. Reports from different sections of the county vary but nearly all of them report good rains and cooler weather.
